IDENTIFIERS *Ohio

ABSTRACT

A cooperative effort by public libraries in the five northwest counties of Ohio has resulted in this union list of materials about Ohio, arranged by subject. The 99 subject terms cover information about the state in such areas as science, agriculture, literature, biography, history, geography, education, economics, politics, government, transportation, population, libraries, authors, religion, and business. An encoded list of libraries holding copies is included in each entry. (LS)
